

AMENDMENTS TO THE SPECIFICATION

Please amend the abstract as follows:

Please replace the abstract with the following rewritten paragraph:

Abstract

The present invention relates to a liquid absorbent thermoplastic composition, which contains particles of a superabsorbent material having angle-lacking shapes. Said The composition is particularly suitable to be used in absorbent articles for personal hygiene, specifically in disposable absorbent articles, which ~~preferably comprise~~ have one or more transparent regions ~~in which they are transparent. In particular, the absorbent core of such transparent absorbent articles can be made from the liquid absorbent thermoplastic composition of the present invention.~~
